

EANAN Joins UAE Pavilion at GITEX Europe 2025 in Berlin

A decorative graphic consisting of a grid of orange dots arranged in three rows and three columns, located to the right of the main title.

We are proud to announce that **EANAN** has been officially selected to join the **UAE government delegation** at the **GITEX Europe 2025**, taking place in **Berlin from 21–23 May**. As one of the innovative companies chosen to showcase under the national pavilion, **EANAN** will present its **advanced air mobility solutions** to a global audience, connect with international investors, and explore strategic partnerships.

Eanan's participation comes as a result of being recognized in the **Future 100 List 2024**—an initiative by the **UAE Ministry of Economy** and the **Minister of State for Government Development and the Future**. This prestigious list celebrates the nation's most promising, scalable, and impactful companies, positioning EANAN as a key driver of innovation and sustainable growth.

As Europe's largest tech, startup, and digital investment event, GITEX Europe offers a unique platform to reinforce EANAN's commitment to transforming air mobility and advancing the UAE's global leadership in future technologies.
