

# EANAN Recognized Among the UAE's Most Promising Companies in the Future 100 - List 2024

The **Future 100** is a national initiative launched by the **UAE Ministry of Economy** and the **Office of Government Development and the Future** to spotlight the top 100 startups and scale-ups driving innovation and economic diversification in the UAE. The 2024 edition placed particular emphasis on sectors shaping the future—such as technology, sustainability, and other transformative industries.

We are proud to announce that **EANAN** has been selected for inclusion in the **Future 100 List 2024**, reinforcing our position as one of the UAE's most promising and impactful technology companies.

This prestigious recognition was awarded by **H.E. Alia Al Mazrouei**, Minister of State for Entrepreneurship, and **H.E. Ohood Khalfan Al Roumi**, Minister of State for Government Development and The Future, during **Investopia 2024** held in Abu Dhabi on February 26–27. We are honored to be recognized among the changemakers shaping the UAE's future economy and remain dedicated to delivering cutting-edge aerospace innovations that elevate the nation's global standing.
