

Eanan at UMEX 2026: Powering the Future of Commercial Autonomy

We will be exhibiting at **UMEX 2026** and actively contributing to the industry dialogue on how autonomous technologies are transforming real-world operations across multiple sectors.

UMEX Abu Dhabi is the Middle East's leading platform dedicated exclusively to unmanned, autonomous, and robotic technologies, bringing together global leaders, innovators, regulators, and decision-makers shaping the future of commercial autonomy. Now in its 7th edition, UMEX continues to set the benchmark for how autonomous systems move from concept to large-scale deployment.

2022 January 2026

ADNEC Centre, Abu Dhabi

Visit Eanan at **Stand No. 09-055 | Hall 9**

Connect with our team, explore our commercial solutions, and see how autonomy enables smarter, more efficient operations.
